

# *Normix*

*Small in size - big in impulse sales*

**For**  
**Sandwiches**  
**Salads**  
**Beverages**  
**Dairy products**  
**Convenience foods**  
**Cold cuts**  
**Cheeses**  
**Shrink-wrapped products**

### **An eye-catching product display**

The Normix chiller display offers you an amazingly large display area for its exceptionally small size. Normix is easy to situate anywhere in shops, kiosks, service stations, convenience stores or health-food stores.

### **Handy and versatile**

Four different lengths of the Normix chiller display provide a solution for all premises. Mounted on castors, it is easy to move from one location to another. The storage temperature is even throughout the unit, ensuring that products on display are stored in optimum conditions. Effective lighting highlights the products and attracts the shopper's eye.

### **A stimulus for brand marketing**

Normix is an attractive and effective display for promoting sales of campaign and brand products. The unit is ideally suited to a wide range of marketing concepts. The Normix display can be quickly adapted to the needs of special campaigns or seasonal sales because it is easy to change the taped or emblazoned end or front panels.

Normix is effective at promotion sales. Changing the advertising panels is quick and easy.

Stunning 'Brushed' Stainless-Steel finishes available which help to minimise stains and unsightly finger marks that spoil the appearance of other stainless steel units.

### Normix-90-M

Open Fronted unit which can increase sales over similar glass door units.

### Construction

- unit lengths 700, 880, 1000 and 1200mm
